David is a very influential graphic designer. I find his collage work is very beautiful in its simplicity. It is always harder to make something look awesome with fewer pieces. His work below does not have as much text or letters, but it is worth you seeing because it is such a unique style. Check out his Instagram account, you can see his passion for the abstraction of text.

## Bio

David Carson (born September 8, 1955<sup>[1]</sup>) is an American graphic designer, art director and surfer. He is best known for his innovative magazine design, and the use of experimental typography. He was the art director for the magazine Ray Gun, in which he employed much of the typographic and layout approach for which he is known. In particular, his widely imitated aesthetic defined the so-called "grunge typography" era

*Dear David*  
I am sorry about the end of print  
it was nice while it lasted I always  
liked the smell of mimeo copies  
and you could always tear out the  
pages after you read them I'll miss  
the subjectivity the imperfection but  
I am ready I think
