

Map Project

Choose 3 painters, drawers, collage artists...artists who work in any medium that inspires you. [This](#) is a list of western painters, but you may also research Etsy, the library of books in room 206, Pinterest, etc.

Part 1

Create a Google Doc.

-For each artist, provide a brief (please do not cut and paste from Wikipedia) description of the painter, and what movement they were associated with (if any), **and why YOU like them?**

-Insert app. 3 pieces of work by each artist and what you like about each piece of work. Provide the date and title of the art if possible.

Part 2

Give a description of your proposed work that includes the following:

- What size it will be?
- What medium will it be; graphite on paper, acrylic paint on canvas?
- What significance the section of map you were given will play in the final piece
- What, if anything, are you trying to communicate?
- How will you incorporate the style of one of the artists you have selected into your piece?

In your sketchbook, I would like to see at least 3 detailed sketches of different ideas you will consider for your final piece. Photos of these sketches should be included in your proposal.

Download this document as a PDF and submit to the correct location.

Part 3

Create and submit your painting, drawing, collage...etc.
