Movie Trailer Project

For this project, you and up to 3 other people will be working as a group to create a movie trailer. This will be in the genre of your choice (drama, rom-com, etc), and will incorporate all the aspects of film that you have learned up to this point (ADR, multi track audio, ambient noise, etc.)

- You will be writing a screenplay for this project. In the screenplay, incorporate all the visual effects such as ratings screens, etc.
- Your screenplay will be visually interpreted as a storyboard, which will also include all the ratings screens, and title interscreens.
- Screenplays and storyboards will be submitted as .PDF's
- Total length of your trailer should be between 90 and 180 minutes.
- You will be submitting a synopsis .pdf as the first part of your project.
