

Visual Elements

1. Line

Value (how much variation is there in a colour/ monochromatic)

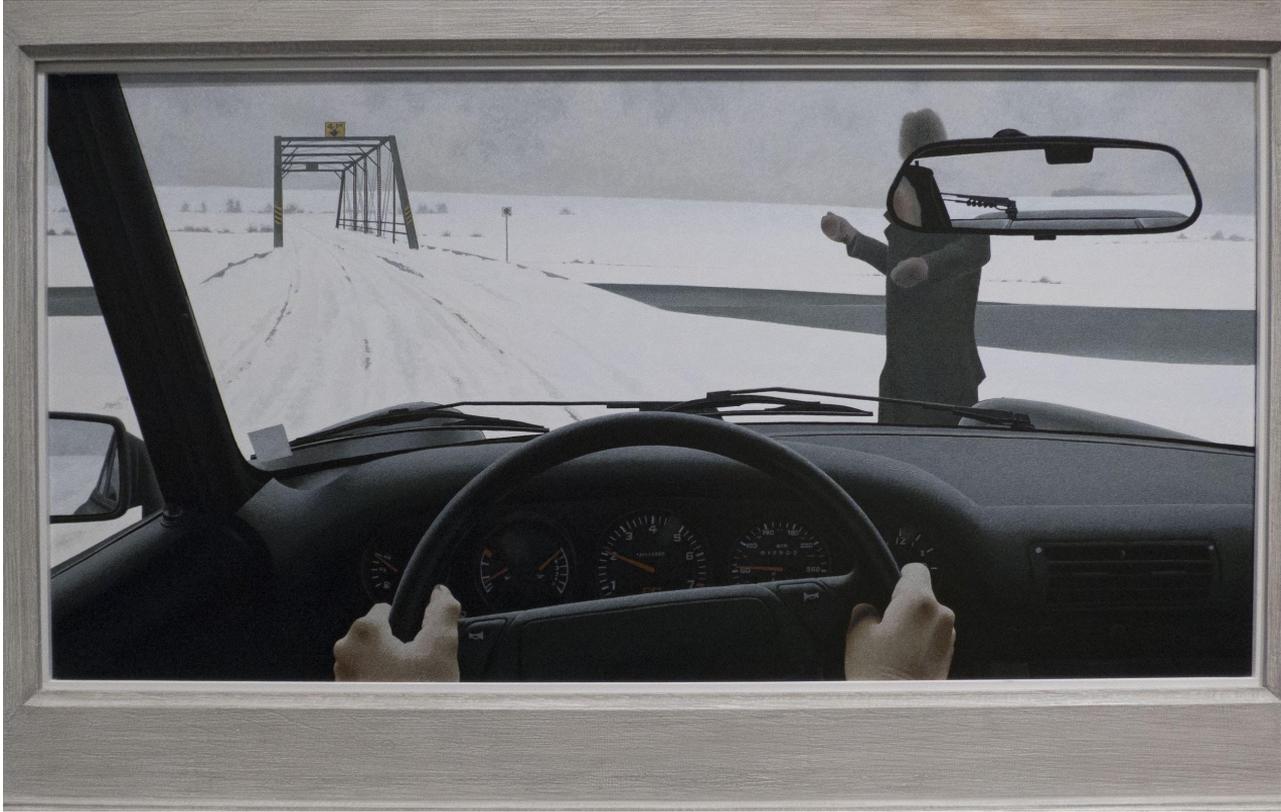

Tone (what is the range of greys between pure black and pure white)

Space (Creating 3 dimensions on a 2 dimensional plane)

Shape (enclosed space, may be geometric...or not)

Pattern (repetition of the same shape, over and over, not always considered an element)

Texture (real, or implied)

Colour (has an immediate affect on our emotions)
