

## Photo Of The Week

This is your opportunity to alter an image that I will provide to you in a location where you will download the photo and alter it using Photoshop.

The photo will often be an image that is relevant to the news that week. I'll teach you a new tool each week that you may use to alter the image.

I will name the photo "**Original.jpg**", and your job will be to alter it and upload it to the correct folder as "**YourName.jpg**".

Please keep your images tasteful, and have fun!

I will be giving bonus marks to the best entries each week!
