

Joe Average Painting project

There are 3 parts to this project;

1. A written response
2. A sketchbook assignment consisting of 3 prototypes for your final project
3. Your final painting/project

Part 1: Answer the following questions with complete sentences *after* reading the interview in [this link](#), AND watching [this video](#). This [site](#) is also a great resource.

Submit a PDF or a .DOCX to the location as indicated by your instructor.

1. What would you say is or are Joe Average's main reasons for painting?
2. How would you describe the majority of Joe Average's paintings? Google his name to search for more artwork and to get a better idea of his style.
3. What are 2 main influences of Joe Average's art as described by him?
4. Looking at the later works of art shown in the article, how would you say Joe Average's work changed from the 1990's to the 2010's?
5. Select your 3 favourite Joe Average pieces of work, and include the images in your response. Describe why you chose each image.

Part 2: In your sketchbook, create 3 sketches for your painting. These do NOT need to be in the style of Joe Average. You have 3 options for your sketches, and ultimately, your final painting:

1. A piece inspired by Joe Average's early, colourful work
2. A piece inspired by his later, more Impressionistic work

- A piece that is completely of your design

Part 3: PAINT! Show your instructor the 3 prototype sketches to receive a canvas (or board...) to paint on. It is expected that you underpaint your project.

Rubric

	1	2	3	4
Part 1 (Answers show thought and artist reflections done correctly) Weight: 4	Does not approach expectations/ little or no effort exhibited	Approaches expectations	Meets expectations	Exceeds expectations
Part 2 (Shows creativity and effort) Weight: 4	Does not approach expectations/ little or no effort exhibited	Approaches expectations	Meets expectations	Exceeds expectations
Part 3 (Shows creativity and effort) Weight: 4	Does not approach expectations/ little or no effort exhibited	Approaches expectations	Meets expectations	Exceeds expectations
