

Sketchbook Assignment #1- Visual elements

For this assignment, you will be researching the 7 visual elements.

1. Line
2. Colour
3. Space/ perspective
4. Texture
5. Form
6. Shape
7. Tone/ value (these are actually separate things, but for our purposes, they will be grouped together)

This [page](#) may help you if you are searching for examples and definitions.

Note that there are multiple choices you can make:

Choice 1: I would like you to create an example of each element, and a short description of it. Be as creative as you can!

You *could* also submit one piece containing clear examples of each element.

Choice 2: Find an object, and create multiple views of the same object. Each view will highlight one or more of the visual elements (please label or put definition on back of page). An example is shown below.

If you are inclined to complete this project in a digital format, please speak to me about how to submit your project.

| | 1 | 2 | 3 | 4 |
|--|--|-------------------------|--------------------|----------------------|
| Identification (Examples show understanding of element) Weight: 1.0 | Does not approach expectation/ little or no effort exhibited | Approaches expectations | Meets expectations | Exceeds expectations |
| Creativity and execution (Creatively shows an example of elements) Weight: 1.5 | Does not approach expectation/ little or no effort exhibited | Approaches expectations | Meets expectations | Exceeds expectations |
